Handsfree speakerphone

40 Name & number telephone directory

10 Last redialed memories

5 Ringer melodies

6 Minute digital answering machine with full remote access

Conference call facility
(1 external/2 internal)

Fully gap compatible

Additional handsets

BENEFITS

Blue backlit LCD illuminates for easy to use operation. Caller details are displayed if the user subscribes to the network service

Have your important conversation & continue what you are doing at the same time. There is no need to even pick up the handset

Store up to 40 of your most frequently dialed names & numbers in your handset

Easily review your last dialed calls, redial or save the number with the touch of a button

Customize each handset with an individual ringer melody

You never need to worry about missing that all important call as the answering machine will get it for you. Easily access your messaging system remotely to retrieve messages or change your outgoing message

Have a 3 way conversation with an external & internal caller without leaving your desk

Pair an additional handset that may not be the same make or model as your current handset

Dect gives you the ability to add additional handsets with only having the 1 telephone outlet. The additional handsets just have to be plugged into a power outlet
